

## **Nathan Phillips**

Nathan Phillips is a Science and Technology Fellow with the California State Senate Transportation and Housing Committee. During the fellowship year, Phillips serves as a consultant to the committee and will work on various topics, including high-speed rail, active transportation, renewable fuels and zero emissions vehicles, ridesharing technologies and regulation, and legislation promoting sustainable communities and affordable housing.

Phillips is on leave for this fellowship from his position as Professor of Earth and Environment at Boston University. He received his PhD from Duke University in Forest Ecology, and a BS in Physics from California State University, Sacramento.
